## Elect New President For Agricultural Socy.

The annual meeting of the Didsbury Agricultural Society, was held at the Opera House on Saturday, where there was a good attendance of members present. Mr. D. Dippl, president, occupied the chair.

The president in his report stated the fair just held was one of the most successful in the history of the Society and he thanked the manager and directors for the work they had done to make this success possible. The financial report showed there was a deficit on the year's operations and that after all accounts were settled there would be an adverse balance of about \$600.00 compared with \$400.00 last year. It was pointed out however that so far this year no grants had been received from either the town or municipalities. A committee was appointed to interview the councils regarding a grant.

Mr. D. Dippel expressed his desire to retire from the presidency, and after a vote of thanks to him for his services in the past he was unanimously honored with the position of honorary president.

The following officers were elected for the ensuing year. President, A. O. Fisher; Vice President, Harold Brennan; and Bruce Parker; Secretary, C. E. Reiber; Manager, J. V. Berscht. The directors were all re-elected with the following additions. J. Allan, D. Wilson, E. Blain, T. Duncan, J. E. Goorder, W. C. Keith, W. McFarquhar, W. W. Snyder and R. A. Gulliver.

Representatives to the Fairs Association were A. O. Fisher and S. L. Bosworth.

A social committee was appointed to arrange social gatherings with the object of raising funds for the Society.

## Hailstorm Causes Considerable Damage

The hail storm on Wednesday evening did considerable damage in the district. Damage to the extent of about twenty five percent was reported in places south of Didsbury, but greater damage was south of town, where it is reported for ten to ninety percent. Mr. A. Snyder, reporter, that damage on his place would average fifty percent, some fields going as high as ninety percent. Mr. Buckler's crop was also damaged fifty percent. Very little insurance has been carried this year.

## Farmers Assured Credit For Twine Supplies.

Blender twine requirements of western farmers for the forthcoming harvest will be provided by arrangement between the governments and the banks. Instructions are being issued by the head offices of the banks to their provincial branches which will ensure the necessary line of credit for this purpose.

Mr. Bert Cressman received the following telegram Monday:

"We are advised by the Alberta Government that all farmers requiring binder twine should make application to their bank for credit for that purpose, even if an unsuccessful application has already been made."

## W.C.T.U. Elects Officers.

The W.C.T.U. met at the home of Mrs. Gabel Thursday last. Miss Z. Cressman took the devotional, and chose as her subject the passage "The people had a mind to work from Nehemiah. The president then took the chair and business was transacted. A paper on "Seeing the Whole Show Through" was given by Mrs. Jake Shantz and much enjoyed.

The following officers were elected: President: Mrs. R. Cunningham. Vice-president: Mrs. H. Reiber. 2nd Vice: Mrs. Hallman. Cor. Sec.: Mrs. E. Blattner. Sec. Sec.: Miss Z. Cressman. Trustee: Mrs. J. V. Berscht. Pianist: Mrs. Jake Shantz. Asst. Pianist: Mrs. Burkholder.

A vote of thanks was given to the officers of the past year, also to all friends who so kindly gave donations and helped with the dinner at the fair.

It was stated that all those who are missing dishes may procure same by calling at the home of Mrs. R. Cunningham. The regular social half-hour was enjoyed by all.

Miss Emily Walder had the misfortune to be thrown from a motor-bike while riding tandem at the Butte on Sunday. She was badly bruised, but no bones were broken and she is progressing favorably.

Mr. and Mrs. J. E. Liesemer, Mr. H. E. Reiber and Mr. Art Reiber have returned from their motor tour to Colorado, they traveled 3,500 miles on their trip.

## LOCAL & GENERAL

The postponed U.F.A. convention will be held at Kiley Lake today (Thursday).

Mr. and Mrs. Percy Lunt left on Monday for a vacation trip through the mountains.

Couldn't you use \$500? Tip Top Aerial Derby, Ranton has the coupons at no cost to you.

Mrs. W. J. Hilyard was one of the exhibitors of fancywork at the exhibition at Olds Wednesday last.

Mrs. E. Kercher left Tuesday to attend the funeral of her niece at Medicine Hat.

Mrs. A. Stauffer left Tuesday for Salmon Arm, B.C. to visit her daughter at that point.

Mrs. Laura Smith is again on duty at the post office, having returned from her vacation at the Pacific coast points.

Miss Evelyn Liesemer left Monday by motor for a trip to Spokane, Washington. She was accompanied by Miss Cameron, of Calgary.

Aerial Derby sponsored by Tip Top Tailors! \$1,000 in prizes. You may win a suit. See Ranton's!

Mrs. Dickau, Harold, Esther, Evelyn and Wilma Liesemer, went on a fishing trip last week to Raven River, near Caroline, where they report having a good time.

Summer subjects at Zion Evangelical Church Sunday, August 23rd. Morning, 10:30 "Persistent Prayer." This is the first of a series of Sunday morning sermons on Prayer. Evening, 7:30, "Turning the World Upside Down."

Mr. and Mrs. C. Bellamy and family spent the week-end with Mr. and Mrs. R. Lynch at Elmosta. On Sunday they visited Pine Lake and report the fishing as good, catching about seventy-five perch.

The Rawleigh agent of this district appears stand high in the agency and that company. Mr. C. Bellamy received a case of silverware on Saturday as first prize in his division in a sales competition held this summer.

On Monday evening about one hundred friends and neighbors gathered at the home of Mr. and Mrs. John Deadrich who were married recently, and serenaded them. The evening was spent in games, lunch was served and everybody had a good time.

Mr. and Mrs. J. W. Moon, of Anawen, Ill. and Mr. and Mrs. N. W. Mankins, of Keweenaw, Ill., were visitors at the R. C. Oldham farm last week. Mr. Moon has an interest in this district. They motored here from Illinois and they say that this is the most favored district they have seen since leaving home.

At a meeting of the Livestock Pool members held recently, A. B. Claypool, M.L.A., for Didsbury, who has been president of the Pool for many years was deposed and J. P. Evanson of Taber was elected in his place. It is contended that the change of presidency is the preliminary to the sublimation of charges against the pool management. — EDMONTON BULLETIN.

Drought worried Jake Neufeld of Sunnyslope for a long time. Not ordinary drought, but the scorching heat that withers the palate and makes tonsils dusty. Jake found that the lack of water suffered from this malady. With amazing artistry he fashioned an instrument of milk cans, copper piping and the like, which would draw the juice of corn into a drouth-dipper.

But Jake's efforts escaped the notice of C. A. James, ex-cise officer, who brought him before the magistrate at Airdrie, where he was fined \$300 and costs. Lacking either the fine or the costs, Jake is now vacationing at a prominent public institution at Lethbridge where he will languish for the next six months. — CALGARY HERALD

## Departmental Examination Results.

### First Year High School, Grade IX

In Grade IX, Art was the only subject written in Departmental Examinations:

Lena Bishop, 47; Gerald Boettger, 50; Goldwin Gabel, 60; Stanley Green, 56; Winifred Hogg, 31; Ruby Kercher, 50; Marguerite Liesemer, 68; Aylmer McMow, 44; Doris Moon, 23; Tom Pearson, 37; Harold Sheils, 57; Bessie Titsworth, 60; Dorothy Webster, 50; Bessie Tuggee, 62.

Where Are We Astray?

Out of the present world depression good will eventually come. This prediction can be made with absolute confidence and certainty of fulfillment because lessons are being learned and the need for reforms being demonstrated which will force action resulting in the application of remedies.

But at the present moment if the question is asked: What reform is most imperative, what action should be first taken, there are almost as many answers as there are people. There is no agreement as to what has caused world conditions, there is even less agreement as to the course of action necessary to reach solutions and to prevent a recurrence of such depressions. Mankind in its world relationships must have violated some of the fundamental laws of Nature to have brought down upon itself such a world calamity, but, if so, no one appears to be able to put their finger on the spot and declare authoritatively: "There lies the trouble."

All of which leads to the thought and the question whether our much vaunted systems of education are very much at fault in the very foundations of our civilization. Education is not only the devising of a curriculum, in the preparation of text books, in the academic training of teachers, and hundreds of millions of dollars are expended in school buildings and equipment of all kinds. This has been going on for generations, yet when a world condition develops such as we are now experiencing, and from which we all suffer, the thinking of the world is confused and muddled. Statesmen, economists, financiers, world leaders in all branches of industry, all are at sea; all running around in circles; one advancing this theory as a solution only to be met by another absolutely contrary theory. No one seems to stand on solid ground, able to advance a clear case or an incontrovertible argument.

What is the basic cause of all this confusion? Is it not to be found in the fact that in our educational methods we have failed to ground our people in a true knowledge and acceptance of the immutable laws of Nature, failed to teach people to think, and to think straight, with the result that the world has been deviating and trying out all kinds of artificial man-made devices and experiments, many of them in open defiance of Nature's laws, instead of remaining true to those laws.

Have we not in our educational systems devoted time and energy on many frills, but we have not emphasized a narrow, even boastful nationalism; we have not placed a premium on the practical education and the securing of degrees to earnings to mention failed to teach and train people to think, to accurately weigh and rightly gauge the verities of the world in which we live in the full light and knowledge of those laws of Nature, ignorance and violation of which mean suffering, loss and disaster?

To illustrate: Let any two men meet and begin a discussion of present day conditions, and where does the conversation lead them within a few minutes? They begin by discussing wheat, its price, the marketing of it, whether there is over-production or under-consumption, the effect of Russia's "Five-Year-Plan" on Canada and the world, and at once they are attempting a discussion in political economy. Possibly they start by talking ordinary partisan politics, and at once they are into a discussion of tariff, Protection versus Free Trade, currency and banking, trade treaties, markets, in a word, political economy. Or taxation is the subject. They are agreed it is excessive, but there agreement ends. One man favors this method of raising necessary revenues, the other has directly opposite views. Again it is political economy. Or possibly they begin a discussion of religious creeds or the racial origins, characteristics, and emigration of people, and they land in political economy.

How many understand political economy which is affecting every nation, every home, every life today? What have our schools really taught us about it? Practically speaking, nothing. It is left as a study for the limited few who reach the higher grades, the colleges and universities, and even then it is the odd one who obtains more than a hazy idea of it.

Notwithstanding this universal ignorance of even the primary principles of the subject, we are today all talking, or attempting to discuss, political economy. The present depression has made it the current topic of conversation, the language of the street, the office and the home. And what do we know about it? How profoundly ignorant we are. And because of this universal ignorance, every quack proposal, every quixotic idea, gets a hearing, and in various quarters acceptance as a cure-all for our troubles.

The question presents itself: Should the study of political economy not be made the most fundamental of all studies for the youth of today, commencing early in the lower grades and continuing through our educational system? Let us study the verities of life; above all let us teach and train the coming generation along more practical lines, and instead of striving to cram a vast amount of information on certain given subjects into their young minds, ground them in the truth and beauty of Nature and Nature's laws and then train them to think for themselves and apply those laws in every activity of life, individually, nationally, internationally.

Famous Estate For Sale. Vancouver Wheat Shipments

Glencoe Land, a tract of famous wheat, exported from Vancouver estate in Scotland, for sale. It covers the surface of 10,000 acres and exceeds 75 miles, its boundaries 70,000 acres, bushels, according to stretching 22 miles from Loch Leven moors of the Vancouver Moors to Banff. Glencoe was the scene of the Exchange. For the present of the 1692 massacre of the Macs, crop year to June 11, a total of 65,000 bushels. The sentinel rock from 872,425 bushels were moved, comprising the signal for the massacre was paraded with 43,917,181 bushels for the given, is on the property.

The Mother of Seven Children Used It for Diarrhoea

Mr. Ray Drinkwater, R.R. No. 2, Hagerville, Ont., writes: "I am the mother of seven children, and last summer one of them, 17 months old, was taken very ill with diarrhoea, and I thought she was going to die."

"My husband went 7 miles to see what my sister had given her baby, and he came home with a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave that to my child, and she was soon well again. "My other children also had diarrhoea at that time and I gave them 'Dr. Fowler's' with the same results."

Will Erect Seadromes

Trans-Atlantic Air Lines Soon To Be In Operation

The first of eight seadromes, proposed man-made islands to dot the Atlantic at intervals of 380 miles between the United States and Great Britain, will be located on the coast of United States next spring. Captain Hugh Duncan Grant, meteorological consultant to the promoters of the project, announced recently.

Grant, visiting in Akron, Ohio, predicted that within a year from the placing of the first seadrome the other seven ocean landing fields will be completed and a trans-Atlantic air line in operation.

The seadromes, Captain Grant explained, will have a six-acre deck, which will be 50 feet above the water surface, or 30 feet higher than storm waves. The seadromes will be buoyed by air tanks extending 40 feet below the surface. Ballistic tanks, filled with piping iron and giving the seadromes their stability, will extend 177 feet downward.

Australia's New Stamps

Unique Design Commemorates World Flights Of Kingsford-Smith

After some delay, Australia has issued the Kingsford-Smith stamps to commemorate his world flights. The set consists of a two pence red, and a three pence blue. There is also a six pence blue daisy, issued for air mail service. Each of the three stamps have the same design, an aeroplane flying between the two hemispheres, with the inscription "Australia" at the top of the stamp, and "Kingsford-Smith's World Flight" at the bottom. The values are in small oval tablets in the lower corner, and the word "postage" at each side. The only difference in the air mail stamp is that instead of the words "postage" and "air mail" it is inscribed "Airmail Service" is inscribed. When these commemorative stamps were placed on sale in Melbourne the six pence air mail was bought so heavily, that the supply was exhausted within fifteen minutes.

An Unusual Convention

Four Hundred Divines In Water Attended Meeting In Italy

Four hundred divines, including professors, physicians, priests, women and several women attended the first congress of rhinolaryngology—diseases of water, precious metals, etc.—at Verona, Italy, recently. In order to test the delegates' capacities, a committee engineers dug nine holes two feet deep in the municipal stadium and buried in them metals and pipes containing running water. Armed with rods, the divines then divined and recovered all the lost metals. Professor Mercati, of the Rome University, declared that he was so sensitive that he was obliged to wear rubber-soled shoes to avoid disturbing sensations when he was walking about.

Persian Balsam is irresistible. Fragrant as summer flowers. Cool as a mountain spring, and invigorating, aromatic, and whitens the hands. Makes skin soft-textured and youthful. Used by women as a powder base and as a perfume aid to lotion. It is a most effective hair fixative or shaving lotion. And for children, nothing soothes and protects their tender skin like the delicate cool Persian Balsam.

Plan Visit To Russia

Visas have been granted by the Soviet Government to George Bernard Shaw, Lady Nancy Astor, and a party of distinguished Britons who have announced their intention to visit Russia this summer.

A Power Of Its Own. Dr. Thomas' Electric Oil has a little of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

Credit For Unemployed

Pending the commencement of unemployment relief works on a large scale in British Columbia, the provincial government has instructed government agents and provincial police in all outlying districts to give all persons who need food, credit of 40 cents a day at local stores. The allowance will apply to women as well as men.

A Spaniard introduced tobacco into Spain from the West Indies in 1559.

Penalty For Nude Paraders

Three Years' Imprisonment May Be Imposed Under Proposed Amendment

Three years' imprisonment for parading nude may be imposed under an amendment to the criminal code which will be introduced in the House of Commons shortly by Hon. Hugh Guthrie, Minister of Justice.

The amendment is proposed with a view to putting a stop to nude parades by Doukhobors of western Canada. It is comprehensive in its character. In effect it places it provides a penalty of three years' imprisonment for nude parades. The same penalty may be imposed on anyone found nude in any public place, found nude on private property not otherwise exposed to public view.

The term "nude" is defined in the amendment as being so scantily clad as to be indecent.

Utilize Muskeg Vegetation

Edmonton Firm Manufactures Building Insulator From Muskeg Litter

Commercial utilization of muskeg vegetation, plentiful enough in Northern Alberta, is seen as an immediate opportunity to encourage the development of a new building insulation called "Musket" by two Edmonton men, Mr. Edmonton lumberman, J. Victor Carlson, and his son Arthur V. Carlson, are stated by the Edmonton Journal to have perfected a process by which ordinary muskeg litter is transformed into fine quality of insulation material. Experimental work is stated to have advanced sufficiently for the new product to be offered to the building trade.

Remove all callosities and enlargements from your stock with Douglas Egyptian Liniment, a wonderful remedy.

Willing To Oblige

A Philadelphian called up a birdstore the other day and said: "Send me 30,000 cockroaches at once."

"What in heaven's name do you want with 30,000 cockroaches?"

"Well," replied the householder, "I am moving today and my lease says I must leave the premises here in exactly the same condition in which I found them."

British Trade With Russia

Expert Credit To Be Extended For A Period Of 30 Months

In a move to increase British exports to Soviet Russia, the British Government announced Thursday, July 9, 1931, through William Graham, president of the Board of Trade, that exports credit will be extended for a period of 30 months instead of 24 months as at present.

This arrangement will be limited to heavy engineering products.

The British move has resulted from other European countries, notably Italy, having extended their export credit schemes for Russia to 30 months.

The announcement, made in the House of Commons, dispenses of reports in the British press in the last few days that the Labor Government planned to extend a new credit of approximately \$30,000,000 to Russia. It was learned authoritatively that British exports credit arrangements for Russia remain unchanged except in relation to the extension of time limit. The 30-month limit includes the period of manufacture.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

A Live Stock Safeguard

Restrictions Placed On Importations Of Stock From Countries Infected With Foot And Mouth Disease

With official confirmation of outbreaks of the dread foot and mouth disease in England, Scotland and Ireland, it has become necessary for the Department of Agriculture and Fisheries to exercise the powers contained in it under and by virtue of the Animal Contagious Diseases Act, and cancel all permits issued for the importation of cattle, sheep, goats, and other ruminants and swine from the countries infected with foot and mouth disease. While shipments actually embarked as on the date of the official order, June 20, 1931, will be allowed to proceed to Canadian points, the issue of permits has been held up for an indefinite period.

## Brief Outline Of Regulations Governing The Admittance Of Tourists To Canada

An outline of Canadian regulations governing admittance of tourists may be of timely interest. A non-resident, visiting Canada for purposes of touring permit for his automobile for health or pleasure, may obtain a period not exceeding sixty days without bond, which may be extended for another thirty days on making application to any Collector of Sub-Collector of National Revenue Sub-Collector of Customs or any other officer of the government to whom he may apply for a tourist. If the visitor desires to extend the period to six months he may do so by giving a bond.

Under revised regulations guns, rifles, fishing tackle, golf clubs, cameras, etc., previously used by a tourist, and brought in for his personal use and actually in his possession at the time of his arrival in Canada, together with dogs and other animals imported for hunting purposes or as pets, are admitted without deposit, the only requirement being that they should be reported at Customs on arrival at the frontier in accordance with the regulations.

The term "cameras" includes not only still picture cameras, but motion picture outfitts, the property of bona fide tourists brought in for their own use for a temporary period, and not for any business or commercial purpose.

Canoes, outboard motors, tents, camp equipment, phonographs, radios, musical instruments, etc., brought in for a tourist's personal use, and not for gain or hire, are admissible upon a sum being deposited equivalent to the duty and taxes payable on the goods, each deposit being subject to refund upon identification and exportation of the articles under Customs supervision within six months from time of entry.

"Statements circulated in the United States that servants or American tourists and visitors to Canada are not being allowed to enter the Dominion this year are absolutely untrue," states Hon. W. A. Gordon, Canadian Minister of Immigration and Colonization. "American tourists and visitors have always been allowed to bring their servants into Canada and they may continue to do so. The only persons likely to find any difficulty in crossing the International Boundary are aliens who are in the United States illegally or in that country under temporary status, as the question of their re-admission to the United States would arise should they be returned to Canada."

Hon. W. A. Gordon further states that Canada extends a cordial welcome to bona fide United States citizens coming to Canada as visitors and tourists, and Canadian Immigration officials at International Boundary points are instructed to facilitate their entry to the Dominion.

### A Fallacious Opinion

The St. Thomas Times-Journal recently published a timely editorial pointing to the fallacious opinion held by so many people that the best of surgical attention and nursing care is found only in the largest cities of the continent. The St. Thomas paper points out in view of the smaller hospitals like those in metropolitan cities, also give credit to the surgeons who are doing just as fine a work in their own small communities, as are the men of great reputations in the metropolitan centres.

"I have known you such a long time, and this is the first time you have ever danced with me."

"Yes, it is Lent, and I am denying myself pleasures." Moustique Charlot.

W. N. U. 1899

### Ridiculed For Using Ancient Wooden Plough

But Farmers In Sussex, England, Know What They Are About

Although ploughs, like other agricultural implements, have been subject to many alterations and improvements in the course of centuries, it is remarkable at least that in some parts of England the most popular pattern of plough is still one which can differ but little in its general character from the very first implement of the kind that was ever invented. In Sussex and Kent, England, the old wheelless, turn-wrist plough is still very much in favour, and there is a very good reason for its popularity. On heavy land any sort of wheel except that of a wide and necessary cumbersome type cannot be much service because it tends to dig into the ground when the soil is wet and causes the plough to "jump" when it meets a stone or a "mud-dry." Sussex ploughs of this kind are invariably made of wood, there being practically no iron about them except the shoe on the tip of the share and the necessary nuts and bolts. The wooden share has the advantage on heavy land that it does not smear out the soil in the furrow like a wholly iron share, but tends to break it up.

The Sussex farmer has often been held up to ridicule for his plough, but we may take it that he knows what he is about.

### Empire Marketing Is Becoming More Popular

#### Annual Report Of Board Shows Trade Is Increasing

The world-wide economic depression has not arrested the growing habit in the United Kingdom of buying within the Empire.

The annual report of the Empire Marketing Board reveals that apples from Canada and New Zealand reached a record quantity in the past year, those from Canada exceeding a previous record of 1,869,000 hundredweight in 1923. In 1930, 64,000 hundredweight of Canadian pears were imported as compared with 60,000 in 1928.

Parliament has been asked to provide \$3,200,000 for the board's activities during the coming 12 months.

The policy of making grants for scientific research work both here and abroad is being continued. Among grants already made are sums for the University of British Columbia for research on cheese ripening and research on the cost of transport of pedigree livestock; to the Ontario Agricultural College at Guelph in connection with egg production, and to the Newfoundland Government for fishery research.

"My husband and I attend to our budget every evening. It is more economical."

"How so, dear?"

"By the time we get it balanced it is too late to go anywhere."

A fire engine of German invention pumps streams of carbonic acid instead of smothering flames instead of using water.

(By Annette)

### CAPE LENDS CHARM AND YOUTHFULNESS

You'll like this slender model immensely. It's a lovely patterned cape with a wide belt.

The low placement of the circular skirt flounce joined to the upper part of the dress in diagonal outline gives the figure a trim, youthful outline. The narrow tie-belt holds the dress snugly to the figure at the natural waistline. Being adjustable, it may be worn at a point as best suits the wearer.

The miniature view shows how utterly chic it is with cape collar.

Lined skirt for its development and chiffon printed pastel flat washable crepe, shirting silks, cotton mesh, and linen.

Size 36, 38, 40 and 42 inches bust. The 36-inch size requires 3½ yards of 20-inch material.

Price of pattern 25 cents in stamp or coin preferred. Wrap coin carefully.

for when ordered.

Display advertising rates on applica-  
tion at the office.

Changes of advertisements must reach  
the office not later than noon Tues-  
day for insertion in the issue of  
that week.

J. E. GOLDEN, Editor & Manager

**Need Some Thinking**

"We tend to swing too swiftly from  
optimism to pessimism," said Arthur  
Salter in a recent address to the  
alumni of Columbia University. "We  
swing from complacency to panic. It  
is just those who, in 1929, said that  
we were in a new economic era, that  
there would be no more depressions,  
are now in the blackest of pessimism."

Sir Arthur is not far out in his  
remarks. What the world needs to  
day more than anything else is men  
and women of mental poise and bal-  
ance. In 1929 there were needed  
people to say "Steady! Things are  
not always going to be so good." And  
now people are needed who will say  
"Steady! Things will not always be  
so bad as they are now."

This tendency is true also of the  
world political situation. Many of  
those who, not long ago, were saying  
that war was unthinkable are now  
seeing the possibility of war in every  
political cloud.

Loose talk about the possibility of  
imminent war is misleading. There  
is less justification for it today than  
in any other period of the world's  
history. But such talk creates suspi-  
cions and breeds a frame of mind  
which, if persisted in, may conceivably  
lead to war.

Founded optimism, nor by equally  
unfounded pessimism. Human intelli-  
gence has overcome many difficulties  
in the past. It will so again, if given  
the chance.—Winnipeg Tribune.

If you're driving a heavy car  
or operating a fleet of  
business cars, taxis, or light  
delivery cars, your best bet in  
the value is the Goodyear  
Heavy Duty. Extra-heavy  
construction, extra  
casing, extra  
crown, extra  
tread, and  
traction in  
its All-Weather Tread—the  
Goodyear Heavy Duty keeps  
your cars running for longer  
with fewer interruptions.

Let us show you this super tire.  
Your size always in stock. No  
extra charge for making the  
change-over.

**X L MOTORS**

Gache Bros. & Brightman  
DIDSBURY

Put a new Goodyear Tire in every  
new car.

**LOCAL & GENERAL**

Helen Teskey was visiting with  
friends here last week.

Mr. A. R. Kendrick shipped two  
cans of coarse grain and a car of hay  
this week.

Mr. and Mrs. Severson, of Cal-  
gary were visitors with Mr. and  
Mrs. Hugh Lee Sunday.

Mrs. Eva Hopkins who has been  
visiting her mother, Mrs. Sexsmith,  
returned to Los Angeles Tuesday.

Mr. and Mrs. Royal Cooke are  
visiting friends at Provost, Alberta  
this week.

Mr. and Mrs. Norman Clarke  
motored to Spokane via the Baffin-  
Winnemore trail this week.

Are you a good guesser? Tip  
Top Tabor Aerial Derby is a good  
test. Try it at Ranton's.

Buster Kenton, the man who never  
sleeps in "Free and Easy," at the  
Opera House Thursday next, 25 cents  
each for everybody.

We wonder if Charlie couldn't  
provide a little more spark so his  
car wouldn't stall on the way to the  
dance.

Mrs. Hugh Lee who has been  
visiting at Bow Island, Lethbridge and  
Nanton, returned home last  
weekend.

At the C.G.I.T. camp held at  
Sylvan Lake last week, Miss Bernice  
McGhee was elected president and  
Miss Irene Bellamy secretary.

Mrs. W. H. Chamberlain and  
Florence who have been visiting  
friends at Edmonton, returned home  
Sunday.

Now ready—Scratch pads at the  
Pioneer Office, 2 for 5 cents. Just  
handy for the telephone, store and  
school.

English, Watches, Grandfather  
Clocks, and Chimes. Everything  
Ancient and Modern. Bring it to  
W. Monteith, North End Jeweller.

Mr. and Mrs. J. Fleury and Mr.  
and Mrs. E. V. Woodcock motored to  
Banff, Golden, Radium Hot  
Spring and various other points  
over the weekend.

Dr. F. A. McEwan, veterinary  
surgeon has moved from the Rose-  
Hill Hotel and is now located in the  
Peterson Block. His phone number  
is 502.

A new shipment of ladies silk  
cylinder-scarfs. All children addressed  
from 6 to 14 years. All milliner  
reduced prices. Mrs. Wilson's  
Main Street—Advt.

A General Hospital for sick  
Sewing, Clocks, Phonographs,  
Clocks, Etc., Etc. In  
front corner of Club Lunch. All  
work guaranteed—Advt.

"Men of the Skies," the story of a  
great sky system brought to you  
entirely by Intrigue never before  
revealed. At the Opera House tonight  
Thursday, 25 cents to everybody.

AND BRING  
YOUR  
INSURANCE  
PROBLEMS  
WITH YOU!

You are welcome  
to benefit by the  
experience of this office  
without cost or obligation  
and it may save you money.

**NOTICE TO CREDITORS AND  
CLAIMANTS**

In the Estate of GEORGE HENRY  
SAUNDERS late of the Town of Dids-  
bury, Alberta, Farmer, deceased.

Note is hereby given that all persons  
having claims against the estate of the said  
George Henry Saunders who died on the  
22nd day of March, 1931, are required to file  
with the undersigned Administrator of his Estate by the 30th day of April  
next, a written statement duly verified  
of their claims and any securities held by them and that after that date  
the Administrator will distribute the assets  
of the estate among the parties  
entitled thereto, having regard only to  
the claims of which notice has been so  
filed or brought to his knowledge.

Dated this 30th day of July, 1931.  
THE TRUST & TRUST CO. LTD.,  
Mobile Administrator,  
220, Eighth Avenue West,  
Calgary, Alberta, Canada.

H. A. HOWARD,  
Manager.

# 5 REASONS WHY

## Alberta POOL Elevators are worthy of support

1 The greater the volume handled by Pool Elevators, the less the cost of handling per bushel.

2 Pool Elevators are not operated for profit. They are operated to give the farmers the best possible service.

3 Pool Elevators assure patrons safety on grades and weights. Close adherence to a strict policy of fair treatment of patrons in respect to grades, weights and dockage is insisted upon by the management, acting under instructions from the delegates.

4 The history of grain handling and selling since the time when the prairies were first farmed, up to the present, clearly shows the real importance to producers of maintaining an efficient and complete elevator system under their control. This gives producers a power and influence which they otherwise would not have were they dependent only on facilities owned and operated on a profit-making basis.

5 The uneven crop in Alberta, with indications of a reduced aggregate yield from former years only increases the urgent need of seeing that that the support of Pool Elevators so enthusiastically given in past years, is maintained during the coming crop year to an even greater extent.

## CANARIES

Male Bird, E. K. Pratt, W. E.

Reider,

Female Bird, J. F. Skyles, R. A.

Lantz

## "Tip Top" Aerial Derby.

The Tip Top Aerial Derby sponsored by Tip Top Tailors Ltd. is being held on Aviation Day of the Canadian National Exhibition, over a course of 449 air miles. It is expected that twenty to forty planes of various types and sizes will take part, handicapped under rules similar to King's Cup regulations, by a committee of leading airmen and aviation engineers. A great deal of publicity has already been given this and it is expected will continue to appear in the Canadian press up to and after the race.

In conjunction with the Air Derby Tip Top Tailors are conducting a \$1,000 guessing contest.

## WEDDING:

## HORN—EUBANK

The residence of Mr. and Mrs. James Eubank of Edmonton was the scene of a very pretty wedding Friday evening when their youngest daughter, Katherine Edith was united in marriage with Mr. Richard Walter Horn, son of Mr. and Mrs. George A. Horn, owners of the "Eubank" grocery store performed by Rev. Captain K. C. McDonald before a bower of sweet peas and other pastel flowers. The bride, given in marriage by her father, looked lovely in a gown of lace lace on princess lines and carrying a sheaf of roses gladioli with tulips. Mrs. James MacDonald, of San Francisco, California was her sister's matron of honor, wearing flowered chiffon and carrying a shower bouquet of sweet peas and carnations. Mr. John Christie attended the bridegroom.

Immediately following the ceremony a buffet supper was served. Later, Mr. and Mrs. Horn left by motor for Glacier National Park and Portland.

Upon their return they will take up residence in Garneau.

## FLOWERS:

Fern, J. F. Skyles

House Plants, Mrs. B. A. Atkinson, Mrs. I. Carlson

# Summer Colds

Almost everybody knows how Aspirin tablets break up a cold—but why not prevent it? Take a tablet or two when you first feel the cold coming on. Spare yourself the doctor and the cold. Read the printed directions in every package for headaches, pain, etc.

Made in Canada

## WORLD HAPPENINGS BRIEFLY TOLD

Eight Russian army officers were killed in an airplane accident near Alabino, 30 miles west of Moscow.

Edmonton land sales for the first quarter this year amounted to \$15,666 more than for the same period last year.

In Parliament Prime Minister Bennett said he did not expect to hold the position of Finance Minister at the next session.

Air mail contracts of which expiry notices on July 15 were issued by the post office department several weeks ago have been extended until August 15.

Charles A. Lindbergh has been granted permission by the radio commission to operate a transmitter aboard his airplane on his projected flight to Japan.

Juice factories in Dundee, Scotland are at work making a million sugar-sacs. The sacs have been ordered by the government and are to be completed by December.

Organization of self-contained Indian camps in the north of Canada was proposed in a resolution passed at Humboldt by the central branch of the Canadian Legion.

Announcement is made of the appointment of Lieut-Gen. Arthur G. Waugh to be high commissioner in Palestine, succeeding Sir John Chanceller, who recently resigned.

Appointment of H. E. Beresford as assistant director of surveys for Manitoba and Alfred Bedford Howel as chief game guardian have been officially announced by the order-in-council of the provincial government of Manitoba.

### Strange News From Holy Land

32,000 Horse-Power Plant To Supply Electrical Energy In Biblical Town

Here is strange news from the Holy Land. The first hydro-electric plant on the River Jordan south of the Sea of Galilee will soon be in operation. It was built partly by American capital and by next year its 32,000 horsepower plant will be supplying current to such Biblical towns as Jaffa, Haifa, Nazareth and Beersheba. Meanwhile the British are building a generating plant that will supply Jerusalem, Bethlehem and the surrounding region. Before long the mountain streams of Lebanon will be producing 51,000 horsepower—World's Work.

A portable X-ray has been designed to enable physicians to learn at once the extent of a patient's injuries who has been hurt in an accident. The machine is carried to the scene in the ambulance.

"We will be married on Saturday." "Impossible. I am playing football that day." Buen Humor, Madrid.

W. N. U. 1899

### History Of The War

#### Official History Of Canada's Part In Great Struggle Is Under Preparation

No date can be given at present as to when other volumes of the history of Canada's part in the great war will be ready for publication, according to a reply given in the House of Commons by Hon. D. M. Sather, Minister of National Defence, to a question asked by H. E. Spencer (U.P.A., Battle River).

It is not known how many other volumes will be published. The compilation of these is included in the duties of the historical section, general staff.

"As it is now ten years since the above order-in-council (C.R.C. 1,652) was passed, authorizing the history to be written, how much of said history is now actually written, other than the history of the medical services, and when it is anticipated any other volume will be issued?" Mr. Spencer asked.

The minister's reply was:

"In addition to the heavy preliminary work of collection, classification and co-ordination of relative documents and material, which is well advanced, the following progress has been made:

(1) "The plan for all the general volumes has been laid out;

(2) "The material for four of them has been selected and arranged;

(3) "One hundred and four detailed maps of operations required for illustration, showing units down to squadrons, batteries and companies, have been compiled from original documents;

(4) "The draft text of approximately one-quarter of this volume has been written."

### Many Are Applying

#### For Naturalization

#### In Order To Take Up Land In Northern Saskatchewan

More than one hundred applications for naturalization have been received at Regina courthouse. These will be heard by His Honor Judge Hannan in September and November next.

It is understood that one of the main reasons for this unusually large number of naturalization applications is the steady flow of farmers from the dried out areas of southern Saskatchewan to the more fertile prairie lands. Many of these farmers have been informed by the Department of Natural Resources that they must become naturalized in order to take up land.

Provincial land regulations which came into effect March 11, 1931, require that a man must be a British subject and have been a resident in the province four years before he is in a position to take up land.

### Communicating With Planets

#### Nicola Tesla Discovers Means Of Transmitting Energy From One Planet To Another

Nicola Tesla, the inventor in an interview on his 70th birthday, said after years of research he had discovered a means of transmitting thousands of horsepower of energy from one planet to another which he believes will open the way for interplanetary communication.

"I feel," he said, "that we are nearing a period when the human mind will perform greater wonders than ever before. This is due to the continuous refinement of means and methods of observations and the ever increasing delicacy of perception."

### Noted Chemist Dead

Sir Charles Bedford Was Once Technical Adviser To Indian Government

Sir Charles Henry Bedford, distinguished chemist, died at his home July 5 at the age of 65.

He was technical adviser to the Indian government for many years on chemical affairs. He founded the King Alfonso chair of Spanish studies at Oxford University and the Anglo-Spanish and Spanish-American Institute in London, England.

"Keep hold of the cord of laughter's bell."

And avoid the tones that jar. The sound of a siren doesn't carry well.

But the bell of a laugh rings far."

Some of the textiles made in historic Peru rank among the finest that have ever been produced.

### Passing Of Trader Moberley

#### Was Link With The Very Early History Of The West

H. J. Moberley, better known as "Trader Moberley," is the only survivor in the world today. Mr. Moberley was walking about a few days ago. The end came after a very brief illness, death being attributed to old age. Mr. Moberley being 96 years of age at the time of his death.

Known internationally for his book, "When Fur Was King," Mr. Moberley is believed to have been the only remaining commissioned officer of the old Hudson's Bay Company. He served the company from 1854, when he was factor at Hecla in Crosse Post.

Born Barron, Mr. Moberley was the son of a rated captain in the British navy. His father fought in the war of 1812. Prior to joining the Hudson's Bay Company, Mr. Moberley was employed by the famous British firm of Lloyds and in their service he visited Havana, Cuba, and St. Petersburg, Russia.

He commenced his service with the Hudson's Bay Company as clerk at Norway House under Chief Factor Rowland. Edmonton was his first post and afterward he was moved to Rocky Mountain Post, later opening up Jasper House as a trading post for his company.

He also at one time was in charge of Fort Vermilion and Peace River, and established the Fort McMurray post in the early 70s. He was in charge of transports at Portage in Lake and carried despatches ahead of the Earl of Southesk in 1859 when the earl engaged in a hunting trip through Canada. Prior to taking charge of the Le a la Crosse Post, the veteran trader was stationed at St. Lazare Mission on the Churchill in northern Saskatchewan.

### Houses Good Sized City

#### Thousands Work Or Live In Empire

#### Small Building, New York

One of the biggest houses in the ever-growing city of the Empire, the Steel Building of New York, is a huge structure of steel and bricks and is 86 stories high. About 25,000 people live or work in it. There are 58 passenger lifts for the 86 stories and 53 kinds of express lifts. Some of these lifts run at a speed of 15 miles an hour. The passenger goes up to the nearest stopping floor to his and then transfers to a slow lift which stops at every floor. Here again, however, he can make the last part of his journey on an escalator, of which there are nearly a hundred. Six of these are entirely on an escalator, of which there are nearly a hundred. Six lifts entirely for goods are always open at an hour.

Gold production in Manitoba for the first four months of the year exceeded the total output for 1930 by a substantial amount, and at the present rate of production the province is likely to replace the Yukon as the fourth producer in all Canada.

Manitoba's gold output for the first four months of 1931 amounted to 35,928 ounces valued at \$739,541, or a rate which is exceeded by two million dollars annually, as compared with an output of 25,189 ounces valued at \$478,259 for the whole of 1930.

Film Actor: Look here, if he's going to throw me into the rapids, how am I going to get out?"

Director: "Oh, that's all right. You don't appear again!"—The London Opinion, England.

### Funds For Alberta

#### Settlement Of School Lands Case Is Satisfactory To Province

Close to ten million dollars in provincial assets, with nearly a half million a year in interest for three years, will be coming to Alberta as a result of the settlement of the school lands funds case. Hon. R. G. Reid, provincial treasurer, has been advised from Ottawa that the Dominion Government has issued a three-year debenture for \$9,564,569, bearing interest at 5 per cent, until July 1, 1934.

The debentures thus issued to Alberta's credit represents accumulated principal monies from the sale of school lands to the realization of the lands in the three. All funds from this source have heretofore been handled by the Dominion, which has retained the principal and paid interest to the province. With the transfer of the Natural Resources from Dominion to Provincial control the school lands funds now pass to the province as part of the public domain.

Negotiations leading up to this settlement have been under way for a considerable time past. The conclusion now reached is regarded as highly advantageous to the province, and both Premier Brownlie and Treasurer Reid express themselves as well pleased with the outcome.

### Worked In A Circle

Teacher—"Why are days longer in summer than in winter?"

Tommy—"Because the sun shines longer."

Teacher—"Yes, but why does the sun shine longer?"

Tommy—"Because the night is so much shorter."

Baseball is popular in Argentina this year.

## Make Your Windows Pay

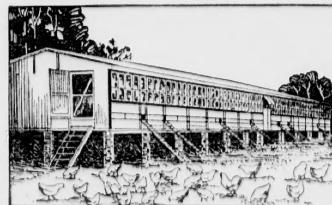

Invest in WINDOLITE Windows and you will be repaid a hundredfold in the health of your Poultry and Live Stock

### WINDOLITE

THE ORIGINAL GLASS SUBSTITUTE

MADE IN ENGLAND SINCE 1917 ON ORIGINAL PATENTS

This unbreakable glass substitute is allows the full sunlight to enter, including the health-giving Ultra-Violet Rays, which do not penetrate ordinary glass.

Canadian breeders of poultry and livestock are finding Windolite a most satisfactory and profitable investment. Young chickens and turkeys are entirely free from leg weakness and disease and will thrive in confinement under Windolite. Windolite comes in rolls any length, but 36 inches wide only.

### Mountain View Notes

A resident recently received a pail of tall bush cranberries, but these berries are reported to be small.

Mr. and Mrs. Thos. Towers and daughter Marie were visitors in the district Sunday.

The grain is beginning to ripen and we hope King Sol will pour his abundant rays and help harvest operations along.

Fifteen thousand rosesbushes often repay the purchaser by their numerous blossoms, one such bush having twenty-four blossoms. The roses have no perfume, but are a lovely crimson color.

We hear that a pulling contest was staged on the road close to Community Hall, between a team of horses and a team of mules. A number of the male residents expressed their regret at not having witnessed same.

### Melvin Notes

A number from this district spent Sunday at Sylvan Lake.

Mr. Cecil Esler, of Walla Walla, Wash. is in the district again.

Mr. Ed. Parker, was a Sunday visitor at the home of Aug. Krebs.

Mr. and Mrs. J. Clarke visited with Dr. and Mrs. J. Hosegood on Sunday.

Miss Florence O'Brien is spending a few days at C. Reimer's. Mr. O'Brien and Florence were visitors at Trochu yesterday.

Dr. Lee Honey, of Timmins, Ont. is visiting with his cousin, Mr. Ralph Honey. Dr. Honey is motoring to Seattle.

Marion and Randolph Johnston, Dorothy Youngs and Hugh Morton attended the picnic at Kiever Lake Friday.

A large part of this district turned out to see the girls soft ball game between the Bunting Biffers and the Melvin Knockers last Saturday evening. The Knockers were victorious with a score of 19-3.

### Burnside Notes

Mr. C. L. Cipperley has been visiting friends at Olds this week.

Miss M. Cipperley spent the weekend with the Misses Bittner.

Mr. and Mrs. Sam Elliot spent Sunday with Mr. and Mrs. Bolton.

Mr. Dick Smith is nursing a badly sprained knee at his home here.

Mr. R. Honey was a visitor at Mr. N. Eckel's last week and took in the Kiever Lake picnic.

Master Edwin McRae, of Didsbury is spending his holidays with Harold Thompson and Robt. Eckel.

Miss Grace Holdsworth, of Trochu has been visiting her friend Miss Bertie Metz.

Mr. T. Hillman, of Markerville, spent the weekend with his sister, Mrs. Ed. Anderson.

Mr. Bob McCulloch arrived home Saturday from Banff where he has been driving a bus for Brewster.

Miss Margaret Howe, of Vancouver spent a few days last week with her cousin, Miss Beatrice Sheils.

Mrs. White and two little sons, of Calgary who have spent the last two weeks with Mrs. B. Woods, returned home Sunday.

### RUGBY NOTES

The August meeting of the W.I. was held at the home of Mrs. Geo. Youngs, August 13th, with an attendance of nineteen. After a short business session, Miss E. Kirby took up Current Events.

Mrs. C. Youngs then spoke on the "Schools Savings Bank Scheme" and a very fine paper written by Mrs. Gilman, of Bramall.

"Correct Use of English" was read. A very lively discussion on both subjects followed.

A baby clinic is to be held at the home of Mrs. A. Wall, September 17th, 10 a.m. to 4 p.m. Any mother is welcome to attend. Our September meeting will be held at the home of Mrs. J. Whiteside.

### LOCAL & GENERAL

The Big Event: Tip Top Tailors Aerial Derby. See Ranton's!

Evensong and sermon at Saint Cyprian's Church on Sunday at 7.30 p.m.

Messrs. Geo. Brewster and Lloyd Sunberg were Sunday visitors at Mr. and Mrs. Stanley Mailer.

All house dresses at cost price. One day only, Saturday, August 22 at Mrs. Wilson's, Main Street.

Messrs. Eddie and Milt. Ford and Misses L. Smith and Grace Coates enjoyed an outing to Banff on Sunday.

Mr. and Mrs. Ivan Weber and their visitors, together with Miss Terry, spent Sunday at Sylvan Lake.

Mr. O. W. Hembling, of Vernon B. C. who was one of the pioneer residents of Didsbury, is renewing acquaintances here this week.

Mrs. G. E. Goodhand, Mrs. Beatrice Bagg and Miss Edna Bird of Moose Jaw, are visiting with Mr. and Mrs. Ivan Weber. Mrs. Goodhand is Mrs. Weber's mother.

Winners of the Hatchetway contest at Berchtold's were: 1st, Mrs. H. Collings, 3,502; 2nd, Mr. Stanley Mailer, 3,601 and Mr. W. Thurlow 3,605 in a tie. There were 3,503 buttons.

Knox United Church Sunday School will re-open on Sunday, August 23rd at 11 a.m. All children who are not attending other Sunday Schools are given a hearty invitation to join and will receive a warm welcome.

Mr. C. J. Hembling, returned from B. C. on Tuesday and is now busy packing, preparatory to moving to Vernon, B. C. where he has obtained a position on the high school staff at that city.

Mr. Frank Ingland who was recently married in England, arrived here with his bride Saturday last. A reception will be held at their home at Hartmann, Wednesday, August 26th from 3 to 9 p.m., to which all neighbors and friends are invited.

Mr. and Mrs. W. J. Scheidt received a pleasant surprise a few days ago when the Rev. Edward Scheidt, the former's father-in-law, and Mrs. Jack Hauffer and son, Walter arrived at their home for a visit. Mrs. Hauffer is a sister of Mr. Scheidt and used to reside here. The visitors are all from Portland, Oregon and motored here.
